

GOV. RUSSELL OF MISSISSIPPI WILL BE TRIED MONDAY

Chief Executive of Southern State Must Face Trial on Serious Charge.

JACKSON, Miss., Sept. 15.—Another chapter in the administration of Lee M. Russell, governor of Mississippi, is expected to be written at the terms of the Hinds county circuit court, which opens Monday with the hearing of a suit for \$100,000 damages filed by Miss Frances Cleveland Birkhead, of New Orleans, La., stenographer and former secretary to Mr. Russell, charging the governor with seduction, breach of promise and responsibility for a criminal operation.

The charges made by Miss Birkhead thus far have resulted in a legislative investigation of allegations made by Mr. Russell that the suit was inspired by agents of what he termed "outlawed" fire insurance concerns; transfer of the suit from the federal court here in which it originally was filed to the state courts when attorneys for Governor Russell challenged the jurisdiction of that federal court, and a recent re-filing of the suit in the United States district court at Oxford, the governor's home.

As the case now stands it is pending on the dockets of both the Hinds county court here and the federal court for the northern district of Mississippi at Oxford.

Miss Birkhead charges in her complaint that she was betrayed while acting as a stenographer at the state capitol, assigned to the office of Mr. Russell, then lieutenant-governor; that she was promised a divorce and marry her and that subsequently she went to Memphis at his instigation and that an operation performed there had resulted in a permanent injury.

Governor Russell has vigorously denied the allegations made by Miss Birkhead, charged that an attempt had been made to "blackmail" him, declared that the suit was fostered by outside influences and that the complaint was filed at the particular time was, early this year, in an effort to discredit him before the legislature then in session.

The legislative inquiry, which also investigated charges made by the governor that certain fire insurance interests were maintaining a "pernicious" lobby in Jackson in the interest of pending legislation, resulted in a committee finding which declared the governor's allegations "not proven." The committee was named by the lower branch of the state assembly in response to a request made by Mr. Russell after a proposal to censure him over the bar of the senate in impeachment proceedings—based on the allegations—made by Miss Birkhead—had been voted down. Governor Russell did not appear before the committee but submitted in writing his charges and outlined circumstances on which, he explained, he based the allegations.

A request that he be permitted to have a representative present at the hearings to cross-examine witnesses was denied by the committee.

Governor Russell has charged that alleged animus against him on the part of certain fire insurance concerns was due to the filing of anti-trust proceedings asking penalties aggregating more than \$8,000,000. A wholesale withdrawal of "foreign" companies from Mississippi followed a chancery court ruling in favor of the state revenue agent who brought the suit. The case now is awaiting a decision by the state supreme court.

Dismissal of Miss Birkhead's original petition in the federal court for the Jackson district was

on the grounds that Jackson was merely the official residence of the governor, and that such proceedings should have been brought at Oxford, in another federal court district where Mr. Russell maintains his permanent residence. Immediately after this ruling, the suit was transferred to the state court but was re-filed last month in the federal court at Oxford and service obtained on the governor when he went there to vote in the democratic senatorial primary August 15.

Hearing of the suit in the Oxford federal court has been tentatively set for the December term.
